no detailed description available for modernism internationalism and the russian revolution

international thought is the product of major political changes over the last few centuries especially the development of the modern state and the industrialisation of the world economy while the question of how to deal with strangers from other communities has been a constant throughout human history it is only in recent centuries that the question of foreign relations and especially imperialism and war have become a matter of urgency for all sectors of society throughout the world this book provides the first comprehensive overview of the evolution of western international thought and charts how this evolved into the predominantly anglophone field of international relations along the way several myths of the origins of international relations are explored and exposed the myth of the peace of westphalia the myths of versailles and the nature of the league

of nations the realist idealist great debate myth and the myth of appeasement major approaches to the study of international affairs are discussed within their context and on their own terms rather than being shoe horned into anachronistic paradigms written in a clear and accessible style ashworth s analysis reveals how historical myths have been used as gatekeeping devices and how a critical re evaluation of the history of international thought can affect how we see international affairs today

vols for 1871 76 1913 14 include an extra number the christmas bookseller separately paged and not included in the consecutive numbering of the regular series

for more than 250 years the name sheffield was synonymous with the cutlery industry although archaeological evidence shows that the industry goes back as far as the 12th century with many of the buildings rapidly disappearing or being redeveloped aside from those that have already been destroyed this type of publication forms a vital record of an important part of industrial england the contributors to this volume look at the development of the industry in the 18th century the production of cutlery and flatware forks and spoons the organisation of the labour and working practices and the geographical and structural development of workshops and other buildings associated with the industry
